

NOTICE OF SURPLUS WITHDRAWAL APPLICATION

TO: Certain Members and Former Members of The General Accident Indemnity Staff Pension Plan (Financial Services Commission of Ontario (“FSCO”) Registration No. 0689695) (the “Plan”) who were affected by the partial wind up of the Plan effective December 31, 1999.

FROM: Aviva Canada Inc. (formerly CGU Group Canada Ltd.)

DATE: January 8, 2009

A. Purpose of Notice

1. As you know, the Plan was partially wound-up effective December 31, 1999, in relation to those members of the Plan whose employment was terminated pursuant to notices of termination of employment delivered on or about February 1998 as a result of the amalgamation of General Accident Group (Canada) Ltd. and Canadian General Insurance Group Limited effective January 1, 1998 (the “1999 Partial Wind Up”).
2. On the effective date of the 1999 Partial Wind Up, the Plan sponsor was CGU Group Canada Ltd. The name of the Plan sponsor was changed to Aviva Canada Inc. effective May 5, 2003 (the “Company” or “Aviva”).
3. The purpose of this Notice is to advise you of the application of the Company to the Superintendent of Financial Services (the “Superintendent”) for his consent, pursuant to Section 78 of the *Pension Benefits Act* (Ontario) (the “PBA”), to a refund of a portion of surplus assets remaining in the Plan as more particularly described in paragraph 17 of this Notice (the “Surplus”).
4. A total of 80 members of the Plan were affected by the 1999 Partial Wind Up. Thirty-four of the affected members accrued their pension benefits under the Plan based on their employment in the province of Quebec (the “Quebec Members”). Quebec law does not permit a surplus distribution on the partial wind up of a pension plan. Accordingly, assets and liabilities relating to the 34 Quebec Members have been returned to the ongoing portion of the Plan. The return of the assets and liabilities relating to the 34 Quebec Members to the Plan was approved by FSCO in a letter dated April 19, 2006. The remaining 46 affected members are referred to herein as the “Eligible Members”. References to “Eligible Members” include the spouse, beneficiary or estate, as applicable, of any deceased Eligible Member.
5. This Notice is given in compliance with section 78(2) of the PBA and section 28(5) of Regulation 909, as amended (“Regulation 909”) in respect of Eligible Members who last reported to work with the Company in the province of Ontario and in compliance with the following legislative requirements in respect of other Eligible Members, as applicable:

- Alberta: *Employment Pension Plans Act*, s. 83; Employment Pension Plans Regulation, s. 67;
 - British Columbia: *Pension Benefits Standards Act*, s. 61; Pension Benefits Standards Regulation, section 42;
 - Manitoba: *Pension Benefits Act*, section (2.1);
 - Nova Scotia: *Pension Benefits Act*, s. 83(2); Pension Benefits Regulations, s. 35(12).
6. The refund to the Company of a portion of the Surplus is part of a proposal that has been made to share the Surplus between the Eligible Members and the Company. Details concerning the surplus sharing proposal are set out in Part C of this Notice. Briefly, the proposal provides for a distribution of 50% of the Surplus, less Eligible Members' expenses, to the Eligible Members (the "Eligible Members Share") and 50% of the Surplus, less Company expenses, to the Company (the "Company Share").
 7. A significant number of Eligible Members (over 70%) retained Koskie Minsky LLP ("Koskie Minsky") to negotiate on their behalf the terms of a formal surplus sharing agreement with the Company (defined below as the "Surplus Sharing Agreement").
 8. Koskie Minsky executed the Surplus Sharing Agreement as of November 28, 2008 on behalf of those individuals who consented to the surplus sharing proposal and authorized Koskie Minsky to execute the Surplus Sharing Agreement on their behalf (the "Represented Members"), based on disclosure of the Plan documents and other information provided previously by the Company. Eligible Members who did not retain Koskie Minsky will be offered the opportunity to execute the Surplus Sharing Agreement individually. Such Eligible Members are referred to in this Notice as the "Non-Represented Members".
 9. This formal Notice is being provided to Koskie Minsky in respect of all Represented Members. A copy of this Notice is being sent to the last known address, if any, for all Non-Represented Members.
- B. Partial Wind Up of the Plan**
10. On May 21, 2003, the Company declared a voluntary partial wind up of the Plan effective December 31, 1999 (defined above as the "1999 Partial Wind Up"). A partial wind up report was prepared as at that date by Robertson, Eadie & Associates (the "Plan Actuary") and was filed with the Superintendent for approval on December 10, 2003 (the "Partial Wind Up Report"). The Partial Wind Up Report estimated the assets attributable to the wound up portion of the Plan (including the Quebec Members) as at December 31, 1999 as approximately \$8,272,600.
 11. By letter dated January 6, 2005, the Superintendent authorized the distribution of benefit entitlements (excluding any surplus remaining in the partially wound up portion of the Plan) in accordance with the Partial Wind Up Report. A revised balance sheet was filed with the Superintendent on June 18, 2006 showing the financial position of the partially wound up portion of the Plan as at the Partial Wind Up Date with the Quebec Members

excluded (the "Financial Update"). The Financial Update estimated that, as at December 31, 1999, the assets attributable to the wound up portion of the Plan were approximately \$5,493,000. Updated to December 31, 2007, the market value of assets attributable to the wound up portion of the Plan are estimated to be \$5,195,000.

12. All lump sum payments to which the Eligible Members are entitled pursuant to the provisions of the Plan have been paid or distributed from the Plan in accordance with the Partial Wind Up Report, other than the benefits of two Eligible Members who have not returned pension benefit option forms which were recently sent to them. The benefits of those Eligible Members who have elected to take their benefit entitlement in the form of a pension are currently being paid from the assets remaining in the wound up portion of the Plan. Prior to the distribution of the Surplus, annuities will be purchased for Eligible Members who are in receipt of a pension or who elected a deferred pension. The ad hoc increase (the "Ad Hoc Increase") Aviva has agreed to pay to the Eligible Members under the Surplus Sharing Agreement will also be paid from the assets remaining in the wound up portion of the Plan prior to the distribution of the Surplus.
13. The precise amounts of the Eligible Member Share and the Company Share cannot be determined until the date or dates of the distribution of the Surplus (the "Distribution Date"). The amount of Surplus available for distribution will depend on several factors, including the cost of the Ad Hoc Increase, interest payable on basic benefits paid to members and annuity purchase rates in effect at the time basic benefits under the Plan are settled. The Surplus will also be adjusted for any income or losses on the investment of Plan assets and each of the Eligible Members Share and the Company Share will be adjusted for actual expenses incurred by the Eligible Members and the Company, respectively, through to the Distribution Date.

C. Surplus Sharing Proposal

14. The Company proposes to share the Surplus between the Company and the Eligible Members in accordance with the Surplus Sharing Agreement, the principal terms of which were negotiated by the Company and a committee comprised of Eligible Members (the "Member Committee") with the assistance of their respective advisors. The Member Committee is currently composed of Wayne Henry, Frank McLellan, Ronald Patterson and Peter W. Van Rees.
15. An agreement in principle was reached on October 30, 2007 and reflected in a term sheet executed by the Member Committee and the Company (the "Term Sheet"). The Member Committee and the Company have subsequently negotiated the Surplus Sharing Agreement which implements the terms of the Term Sheet. Attached hereto as Exhibit "A" is a copy of the Surplus Sharing Agreement.
16. On July 18, 2008 information packages (the "Information Packages") were transmitted to all Eligible Members. The Information Packages described the surplus sharing proposal set out in the Term Sheet, provided an estimate of each individual Eligible Member's Ad Hoc Increase and surplus share under the Term Sheet proposals, and provided Eligible Members with an opportunity to accept or reject the surplus sharing proposal. Koskie Minsky advises that, as of December 5, 2008, 42 of 46 or 91.3% of the Eligible Members have returned forms approving the surplus sharing proposal as presented in the

Information Package and authorizing Koskie Minsky to act on their behalf in settling and implementing the Surplus Sharing Agreement, including executing the Surplus Sharing Agreement on their behalf.

17. The formal sharing proposal is set out in the Surplus Sharing Agreement. Outlined below is a summary description of that proposal. Subject to the approval of the Superintendent, Canada Revenue Agency and any other applicable regulatory approvals or other conditions specified in the proposed Surplus Sharing Agreement, the Eligible Members Share and the Company Share shall be determined by deducting from the assets remaining in the Plan after payment of the basic benefits to which Eligible Members are entitled the expenses of the 1999 Partial Wind Up and the cost of the Ad Hoc Increase. The assets remaining in the Plan after these deductions, adjusted for investment gains and losses, is the Surplus. Under the Company's proposal, the Surplus will be shared between the Eligible Members and the Company on a 50/50 basis. The costs actually incurred by each of the Member Committee and the Company in connection with the negotiation and implementation of the Surplus Sharing Agreement will be deducted from each party's share before the final distribution is made.
18. The Eligible Members Share shall be allocated among each of the Eligible Members based on the proportion of the Plan liabilities for each Eligible Member's benefits to the total of the Plan liabilities for all Eligible Member's benefits as at the Partial Wind Up Date, subject to a minimum distribution for each Eligible Member in the amount of \$500. Such amounts are to be paid as a lump sum cash payment net of applicable withholding taxes, or, on the appropriate direction of the Eligible Members who qualify, directed to a non-locked-in RRSP. Eligible Members whose distribution is \$10,000 or more also have the option of taking a portion of their share in the form of an increased benefit.
19. Subject to compliance with applicable law and the receipt of all necessary regulatory approvals, the Company shall amend the Plan to provide for an ad hoc increase of 5% (defined above as the Ad Hoc Increase) beginning at the time of the distribution of the Eligible Member Share. In lieu of indexing, each terminated paid-out Eligible Member will receive a lump sum payment equal to 5% of his/her benefit entitlement under the Plan as at December 31, 1999, at the time of the distribution of the Eligible Members Share, all as more particularly described in the Surplus Sharing Agreement. The value of the Ad Hoc Increase is estimated to be approximately \$343,400 at December 31, 2007.
20. The above proposal (including the Ad Hoc Increase) will not be implemented unless written consent is received on behalf of at least two-thirds of the Eligible Members and the Superintendent (and any other applicable governmental authority) consents to the refund of surplus to the Company in accordance with the terms of the above proposal. As of the date of this Notice, the first requirement has been satisfied.
21. The Plan Actuary estimates that, as at December 31, 2007, the Eligible Members Share was approximately \$307,300, or approximately 50% of the Partial Wind Up Surplus (without taking into account surplus sharing expenses). The Plan Actuary estimated that as at December 31, 2007 the Company Share was approximately \$307,300 or approximately 50% of the Partial Wind Up Surplus (without taking into account surplus sharing expenses). However, the actual amount of the Eligible Members Share and the Company Share cannot be determined until the ultimate Distribution Date. As indicated

above, the Eligible Members Share and the Company Share will be adjusted for any income or losses on the investment of Plan assets and for expenses incurred by the Eligible Members and the Company, respectively, through to the Distribution Date.

D. Plan Contributions & Surplus Attribution

22. Prior to January 1, 1995, the Plan was a contributory defined benefit pension plan. The Plan was amended effective January 1, 1995 to eliminate member contributions. At the effective date of the Partial Wind Up, the Plan was non-contributory.
23. Pursuant to subsection 28(5) of Regulation 909, this Notice must set out “the surplus attributable to employee and employer contributions.” The Plan Actuary has determined that approximately 73% of the Partial Wind Up Surplus is attributable to contributions made by the Company and approximately 27% of the Partial Wind Up Surplus is attributable to contributions attributable to members and former members of the Plan.
24. There is no generally accepted interpretation of “surplus attributable to employee and employer contributions.” In fact, interpretations other than that employed by the Plan Actuary for this purpose are possible, and could lead to different results. Also, there is no one method generally accepted within the actuarial profession of calculating the amount of surplus attributable to employer and employee contributions. The Plan Actuary has prepared a description of the method used to determine the surplus attributable to employee and employer contributions, which will be filed with the Superintendent and which is available by writing to the Plan Actuary at the address set out below.

E. Plan Provisions Relating to Surplus Entitlement

25. The Plan language relating to amendment and entitlement to surplus on wind up (as it read on December 31, 1999) is contained in Section 14 of the Plan which provides as follows:

SECTION 14 – FUTURE OF THE PLAN

- 14.01 The Company has made every effort to develop the Plan as a safeguard to its Employees, and as an undertaking which will meet future conditions insofar as they can be anticipated at the present time. The Company expects to continue the Plan indefinitely, but reserves the right to amend, modify or discontinue the Plan should future conditions, in the judgment of the Company, warrant such action.
- 14.02 (a) No change, amendment or modification will affect any right which a Member, Vested Deferred Pensioner or Retiree may have had with respect to the terms of payment of, or the amount of, pensions provided by contributions made by the Member, Vested Deferred Pensioner or Retiree and the Company prior to the effective date of any such change or modification, except to the extent which may result from such action, whether prospective or retrospective, which the Company on the advice of counsel may determine to be necessary or advisable to make the Plan conform to Applicable Legislation.

(b) Where an amendment results in a certifiable past service adjustment (as defined under the Applicable Legislation) in respect of a Member, the amendment shall not apply to such Member prior to certification of the past service pension adjustment in accordance with the Applicable Legislation.

14.03 (a) In the event of the discontinuance of the Plan, the Company shall not make further contributions to the Pension Trust Fund in respect of the Plan except for amounts due, or that have accrued up to the effective date of the wind-up and have not yet been paid into the Pension Trust Fund as required by the Plan and Applicable Legislation. The assets of the Pension Trust Fund shall be applied towards the provision of all pensions for the Members, Vested Deferred Pensioners, Retirees, Spouses and dependents, in accordance with the terms of the Plan and accrued up to the date of such discontinuance.

(b) If after provision of benefits payable to or in respect of Members, Vested Deferred Pensioners, Retirees, Spouses and dependents on the discontinuance of the Plan there should exist a surplus, such surplus shall be returned to the Company.

[Emphasis added.]

26. A summary of the relevant historical Plan language and related documentation concerning the issue of surplus entitlement has been prepared by the Company through its legal counsel (Osler, Hoskin & Harcourt LLP) and is attached hereto as Exhibit "B". As required under FSCO Policy S900-511, a legal analysis of the historical Plan language relevant to surplus entitlement, prepared by the Company's legal counsel on behalf of the Company, is attached hereto as Exhibit "C".

The date on which the Application will be submitted to the Superintendent may be obtained by contacting the Plan Actuary at the address or telephone number provided below.

28. This Notice is provided in compliance with the provisions of the regulatory requirements set out in paragraph 5. 29. 1999 PARTIAL WIND UP

SURPLUS SHARING AGREEMENT

THIS AGREEMENT made as of the 28th day of November, 2008.

BETWEEN:

AVIVA CANADA INC., a corporation governed by the laws of
Canada

(the "Company")

- and -

KOSKIE MINSKY LLP, on behalf of those Eligible Members
(as defined herein) who have retained Koskie Minsky LLP to
execute this Agreement on their behalf

(the "Represented Members")

RECITALS:

- A.** The Company is the sponsor (employer) and the administrator of The General Accident Indemnity Staff Pension Plan (the "Plan"). The Plan is registered in Ontario with the Financial Services Commission of Ontario ("FSCO"). The Plan was partially wound up through a Board Resolution dated May 21, 2003 and effective December 31, 1999 (the "1999 Partial Wind Up") in respect of certain Plan members whose employment was terminated in February 1998 as a result of the merger of General Accident Assurance Company of Canada and Canadian General Insurance Group Limited effective January 1, 1998. There were a total of 80 Affected Members.
- B.** The Affected Members included Plan members who were employed by the Company (or its predecessors) in the Province of Quebec (the "Quebec Members"). Quebec law does not permit the distribution of surplus on a partial wind up. Based on the Plan records, it was determined that there were 34 Quebec Members. Accordingly, assets and liabilities

attributable to the 34 Quebec Members were subsequently returned to the ongoing portion of the Plan. The decision to return of the assets and liabilities relating to the Quebec Members to the Plan was approved by the Financial Services Commission of Ontario ("FSCO") by letter dated April 19, 2006.

- C. Affected Members in all Provinces other than Quebec are eligible to participate in the surplus sharing. The Affected Members who are eligible to participate in the surplus sharing are referred to in the Agreement as the "Eligible Members". At the date of the execution of this Agreement, there are 46 Eligible Members.
- D. The Plan assets attributable to the Eligible Members (the "Plan Assets") updated to December 31, 2005 were determined by the Plan Actuary to be \$5,426,624. Effective June 30, 2006, a separate account (the "PWU Account") was established within the Plan fund and the Partial Wind Up Assets (adjusted for benefit payments, expense payments and investment gains and losses between December 31, 2005 and June 30, 2006) were transferred into the PWU Account and have since been separately invested.
- E. A committee representing the Eligible Members (the "Member Committee") was established in June 2006 to negotiate an arrangement whereby assets remaining in the PWU Account after all payment of all benefits and expenses would be shared between the Company and the Eligible Members. The current members of the Member Committee are Wayne Henry, Frank McLellan, Ronald Patterson and Peter W. Van Rees. The law firm of Koskie Minsky LLP ("KM") was retained to provide legal advice and representation to the Member Committee in discussions and negotiations with the Company.
- F. An initial letter was sent to the Eligible Members on September 19, 2006 containing information about the negotiation process and seeking authorization from the Eligible Members for KM to represent them in the negotiations with the Company. Over 85% of the Eligible Members retained KM to act on their behalf in the negotiation of a surplus sharing arrangement (the "Represented Members" as more particularly defined below).

- G. As a result of negotiations between the Member Committee and the Company (including their respective professional advisors), a term sheet dated as of October 30, 2007, setting out the principal terms of the agreement reached between the Member Committee and the Company on the arrangements for sharing the Surplus (the "Term Sheet"), was executed by the Member Committee and the Company.
- H. On or about July 18, 2008, information packages explaining the principle terms of the agreement reflected in the Term Sheet were transmitted to all of the Eligible Members. As of November 28, 2008, 42 of 46 or 91.3% of the Eligible Members have returned forms approving the agreement as presented in the information package and authorizing KM to act on their behalf in negotiating, settling and implementing this Agreement, including signing this Agreement on their behalf.
- I. The purpose of this Agreement is to document the formal terms that will govern the surplus sharing arrangement between the Company and Eligible Members, subject to the regulatory approvals contemplated herein. For greater certainty, this Agreement supersedes the Term Sheet.

THEREFORE, the parties agree as follows:

ARTICLE 4

INDEXING

4.1 Indexing Payments

Subject to, and conditional upon receipt of all necessary Regulatory Approvals and the final resolution of any Court Proceeding, the Company will amend the Plan to provide a one-time (ad hoc indexing) increase (the "Indexing Payment"). The Indexing Payment will be calculated in the manner described in Section 4.2 (the "Indexing Payment") and

will be effective on the first of the month coincident with or next following receipt of all necessary Regulatory Approvals.

In lieu of indexing, each terminated paid-out Eligible Member will receive a lump sum payment calculated in the manner described in Section 4.2. The Indexing Payments to paid-out Eligible Members will be made in cash, subject to withholding taxes and will be paid on the Distribution Date.

4.2 Calculation of the Indexing Payment

The value of the Indexing Payment will be calculated as set out below. For purposes of this Section 4.2, the "Calculation Date" is a date selected by the Plan actuary for calculating the Indexing Payment that is as close to the receipt of all necessary Regulatory Approval as is reasonably possible.

- (a) An Eligible Member who elected a lump-sum transfer of his/her benefit from the Plan will receive a payment equal to 5% of the lump sum amount transferred out of the Plan on such Eligible Member's behalf, adjusted with interest to the Partial Wind-Up Date.
- (b) An Eligible Member in receipt of an immediate pension on the Calculation Date will receive an ad hoc increase equal to 5% of the pension actually being paid to the Eligible Member at the Calculation Date reflecting the Eligible Member's actual status on the Calculation Date (such that if the Eligible Member has died and there is a survivor pension in pay on the Calculation Date, the increase will be 5% of the survivor's pension).
- (c) An Eligible Member entitled to receive a deferred vested pension on the Calculation Date will receive an ad hoc increase equal to 5% of the pension payable to such Eligible Member determined as of the Calculation Date reflecting the Eligible Member's actual status on the Calculation Date.
- (d) Beneficiaries/estates (if any) will receive an amount equal to 5% of the value of the benefit owing to the deceased Eligible Member as per (a), (b) or (c) above, as

if the Eligible Member had not died.
