

Eaton's

We were appointed Representative Counsel for approximately 30,000 employees and retirees of Eaton's in its CCAA proceedings. We prepared and filed claims for the terminated employees and retirees who had significant losses due to the collapse of Eaton's. We were successful in numerous contested claims hearings which held that various employees' and retirees' claims were valid claims against Eaton's. The employees and retirees recovered payment of their claims at the rate of 53.7 cents on the dollar on their claims. [Mark Zigler](#), [Susan Philpott](#) and [Andrew Hatnay](#) were counsel to the employees and retirees.
