

## **U.S. Steel Canada Inc. (formerly Stelco)**

We have been appointed Representative Counsel to all non-union active employees and retiree beneficiaries in USSC's CCAA Proceedings. USSC grew out of the former Stelco, which was sold to the United States Steel Corporation shortly after the CCAA proceeding of Stelco. Many employees and retirees of USSC were similarly represented by our firm during the Stelco CCAA. Our role as Representative Counsel includes monitoring a complex sale and restructuring process, as well as representing these individuals in respect to all matters pertaining to claims under the pension plans and other benefit plans.
