

Wabush Mines

We have been appointed Representative Counsel to all non-union employees and retirees in Wabush's CCAA Proceedings. Our role as Representative Counsel includes representing these individuals in respect of all issues affecting them in the CCAA Proceedings, including claims in relation to Wabush's pension and other post-retirement benefit plans. Wabush Mines is currently involved in a court-approved sales process where it is seeking to sell its assets. We have asserted, or will be asserting, all claims for employment-related entitlements for all of non-union employees and retirees against the estate of Wabush.
