

Smurfit-Stone Container Canada

We were retained by retired executives and managers whose supplementary pension benefits were terminated by the company when it obtained CCAA protection in Canada. These proceedings involved issues and litigation in both Canada and the United States bankruptcy courts. We prepared and filed claims on behalf of our clients in the claims processes of both the Canadian and U.S. company. We obtained an exceptional recovery, with a payment to our clients of over 100% on their claims. [Andrew Hatnay](#) led the Koskie Minsky team assisted by [Barbara Walancik](#).
