CLAIM

1. The Plaintiffs, Wendy Kopeck and Garry Kopeck, claim on behalf of themselves and others similarly situated in Canada:
 - (a) an order certifying this proceeding and appointing them representative plaintiffs for the class(es);
 - (b) pecuniary and special damages in the amount of \$200,000,000 for persons implanted with one of the Defendants' IVC Filter Products (as defined herein) or as aggregated following a trial on the common issues;
 - (c) non-pecuniary damages in an amount to be assessed for each person who was implanted with one of the Defendants' IVC Filter Products;
 - (d) damages pursuant to the *Family Law Act*, R.S.O. 1990, c F.3 s.61 and similar legislation (and common law) in other provinces as listed in Schedule "A", where applicable, in the amount of \$100,000 for each such plaintiff;
 - (e) punitive, aggravated, and exemplary damages in the amount of \$10,000,000;
 - (f) the costs of distributing all monies received to class members;
 - (g) prejudgement interest in the amount of 10% compounded annually or as otherwise awarded by this Honourable Court;
 - (h) costs on a substantial indemnity basis, plus applicable taxes; and
 - (i) such further and other relief as this Honourable Court may deem just.

THE PLAINTIFFS

2. The Plaintiffs Wendy Kopeck ("Wendy") and Garry Kopeck ("Garry") are individuals residing in Red Deer, Alberta.

3. Garry is the spouse of Wendy and is pursuing his claim in that capacity.

THE PLAINTIFFS' EXPERIENCES

4. Wendy was implanted with one of the Defendants' Retrievable IVC Filter Products on August 29, 2013, specifically a Cook Celect vena cava filter to treat a blood clot in her leg while waiting for surgery.
5. The filter was scheduled to be removed on October 2, 2013, but the doctors determined it was too risky to proceed on that day.
6. A PET scan on October 24, 2013 indicated the filter had broken, migrated into Wendy's duodenum, and pierced her artery.
7. Wendy remained in the hospital for 3 days and required a further 2 weeks of recuperation at home.
8. It was determined that Wendy's filter would need to remain in place and she would require lifelong anticoagulation therapy.
9. The anticoagulation therapy is painful, time consuming, and expensive. The first anticoagulant therapy used was Fragmin. It was necessary to discontinue use of Fragmin as it was not covered by insurance and the cost was approximately \$1,500 per month. Wendy then used Warfarin for approximately 3 months but it was unsuccessful and had to be discontinued. Wendy was then switched to Rivaroxaban which she continues to use and is expected to be required for the rest of her life.
10. Use of Rivaroxaban has caused Wendy nose bleeds and increases the amount of time it takes for cuts and/or bruises to heal.
11. The physical and mental trauma Wendy has suffered due to having been implanted with one of the Defendants' Retrievable IVC Filter Product contributed to Wendy suffering

from severe depression, a condition she continues to live with. To deal with the depression, Wendy sees a psychologist on an almost weekly basis.

12. Prior to and at the time which Wendy was implanted with the Defendants' Retrievable IVC Filter Product, she received no or inadequate warnings about the magnitude of risks of developing Injuries and Complications (as defined herein) from using one of the Defendants' Retrievable IVC Filter Products. Wendy was told that the Filter would be removed one week following her surgery.
13. Had Wendy been aware of the magnitude of risks of developing Injuries and Complications, she would not have agreed to being implanted with one of the Defendants' Retrievable IVC Filter Products and would have requested use of an alternative, safer filter or treatment. But for the Defendants' wrongful conduct, Wendy would not have incurred her damages.
14. Garry and other class members have suffered and continue to suffer damages including loss of care, guidance, companionship and consortium, as well as financial expenses and special damages due to the wrongful conduct of the Defendants.

THE DEFENDANTS

15. Cook (Canada) Inc. ("Cook Canada") is a corporation that distributes medical devices which are manufactured by Cook Medical LLC including its parent companies, subsidiaries, affiliates, and divisions (including Cook Incorporated, Cook Group Inc., and William Cook Europe ApS). Cook Canada's registered office is located in Oakville, Ontario. Cook Canada is a wholly-owned subsidiary of Cook Group, Inc.
16. Cook Medical LLC ("Cook Medical"), previously Cook Medical Incorporated, is an Indiana limited liability company with a principal place of business in Bloomington, Indiana. Cook Group, Inc. is the parent company of Cook Medical.

17. Cook Medical develops and manufactures medical devices for use in various medical applications and was involved in the design, research, development, and testing of the Cook Celect vena cava filter as well as other of the Defendants' Retrievable IVC Filter Products. Cook Canada distributes in Canada the Retrievable IVC Filter Products developed by Cook Medical. Collectively, the Defendants, under the direction of Cook Group, Inc. and its affiliated companies, is responsible for the designing, manufacturing, developing, preparing, processing, inspecting, testing, packaging, promoting, marketing, distributing, labelling, and/or selling for a profit, either directly or indirectly through an agent, affiliate or subsidiary, Cook IVC Filter Products in Canada. The development of Cook Retrievable IVC Filter Products for sale in Canada, the conduct of clinical studies, the preparation of regulatory applications, the maintenance of regulatory records, the labelling and promotional activities regarding Cook Retrievable IVC Filter Products, and other actions central to the allegations of this lawsuit, were undertaken by the Defendants in Ontario and elsewhere.
18. The Plaintiffs bring this action on behalf of all persons resident in Canada who were implanted with a Retrievable IVC Filter Product at any time on or before the date of the certification order, and which was manufactured, marketed and/or sold or otherwise placed into the stream of commerce in Canada by one or more of the Defendants. The Plaintiffs also bring this action on behalf of all persons resident in Canada, who by virtue of a personal relationship to any one or more of the persons described above, have standing in this action pursuant to section 61(1) of the *Family Law Act*, R.S.O. 1990, c. F.3, or equivalent legislation in a respective jurisdiction, or the common law. The Plaintiffs plead and rely upon the provisions of the *Class Proceedings Act*, 1992, S.O. 1992, c.6, the *Negligence Act*, R.S.O. 1990, c. N-1, as amended, and regulations thereunder, and the *Food and Drugs Act*, R.S.C. 1985, c. F.27 and regulations thereunder.

THE DEFENDANTS' IVC FILTER PRODUCTS

19. A vena cava filter is an expandable metal device placed within the vena cava using a catheter. Once in place, the device opens, allowing it to trap blood clots. Inferior vena cava ("IVC") filters are devices designed to filter blood clots which may otherwise travel to the heart and/or lungs.
20. IVC filters were originally intended to be a last resort option for people at risk of pulmonary embolism who could not take blood-thinning drugs. IVC filters were originally intended to be permanently implanted and those models had an excellent safety record.
21. In order to differentiate the products in the market, retrievable IVC filters were introduced. Retrievable IVC filters are supposed to be removed after the patient is no longer at risk of a pulmonary embolism. The introduction of retrievable IVC filters resulted in a dramatic increase in the use of IVC filters.
22. Retrievable filters, including the Defendants' Retrievable IVC Filters, are fitted with a device that allows them to be snared and pulled back into a catheter and removed from the body, often through the jugular vein.
23. No studies demonstrating the safety and/or effectiveness of the retrievable IVC filter products were required because the Defendants sought approval based on the claim that these new products were "substantially equivalent" to other IVC filter products already in widespread use as the predicate device.
24. The Defendants' Retrievable IVC Filter Products sold in Canada include the Gunther Tulip line of filters and the Cook Celect Vena Cava line of filters, collectively referenced herein as the Defendants' Retrievable IVC Filter Products.

25. Cook introduced the Celect IVC filters as an improved version of the original line of Gunther Tulip IVC filters, with features designed to enhance the retrieval process.
26. All of the Defendants' Retrievable IVC Filter Products share a common design defect attributable to their failure to withstand the normal anatomical and physiological loading cycles exerted in the human body. This design defect is not shared by the permanent IVC filters, which do not share the same safety concerns.
27. The Defendants' Retrievable IVC Filter Products have been and continue to be marketed to the medical community, and in turn to patients, as a safe and effective treatment for prevention of recurrent pulmonary embolism via placement in the vena cava, despite the fact that there is little or no proven evidence of their efficacy or safety for this use.
28. The Defendants have marketed and sold their Retrievable IVC Filter Products to the medical community at large, and in turn to patients, through carefully planned, multifaceted marketing campaigns and strategies.

THE RISKS

29. Contrary to the representations made to the medical community, and ultimately to the patients themselves, the Defendants' Retrievable IVC Filter Products have high failure, injury, and complication rates, fail to perform as intended, and have caused serious and irreversible injuries to a significant number of patients, including Wendy and other putative class members.
30. The injuries suffered from the Defendants' Retrievable IVC Filters Products are: fracture, migration, perforation, and damage to the vena cava wall. Such failures exposed patients to serious injuries including: death; hemorrhage; cardiac/pericardial tamponade; deep vein thrombosis ("DVT"); cardiac arrhythmia and other symptoms similar to myocardial infarction; severe and persistent pain, perforations of tissue, vessels and

organs; inability to remove the device; physical pain; mental anguish; scarring and disfigurement; diminished enjoyment of life; continued medical care and treatment due to chronic injuries/illness; and the continued risk of requiring additional medical and surgical procedures (collectively the "Injuries and Complications").

31. Multiple incidents of fracture, migration, and perforation causing life threatening conditions have been reported to Health Canada and the United States Food and Drug Administration ("FDA").
32. A 2009 study in the *Journal of Medical of Imaging and Radiation Oncology* found that in patients who had received a Cook Celect IVC filter, in some cases doctors struggled to remove the filter because it had become imbedded in the vena cava wall.
33. In August 2010, the FDA issued a safety communication to healthcare professionals expressing concern about the potential of retrievable IVC filters to fracture, the possibility that some of the device components may detach, and that part or all of a filter may spontaneously migrate which can cause perforation of bodily structures such as the vena cava.
34. A study published in the medical journal *Cardiovascular Interventional Radiology* in April 2012 found that 100% of Cook Celect and Gunther Tulip IVC filters perforated patients' venal cava wall within 71 days of being implanted. The study found that 40% of the filters became tilted and out of position.
35. A study published in the medical journal *JAMA Internal Medicine* in March 2013 raised questions about the effectiveness of IVC filters, indicating that less than 10% of filters evaluated in the study were successfully removed from patients and 8% of recipients of IVC filters suffered a pulmonary embolism despite the device's presence.

36. The FDA updated its safety warning with respect to retrievable IVC filters on May 6, 2014 recommending retrievable IVC filters be removed between the 29th and 54th day after implantation in patients in which the pulmonary embolism risk had subsided.
37. A study in the June 2015 issue of the *Journal of Vascular Interventional Radiology* revealed that the Cook Celect IVC filter poses a significant risk of puncturing a major blood vessel and that it has a far higher rate of perforation compared to another type of retrievable IVC filter.
38. A study published in the October 2015 issue of the *Annals of Surgery* found that patients who received IVC filters did not have a statistically significant increase in longevity as compared to trauma patients who did not receive the IVC filters. The researchers determined that “[h]igh rates of prophylactic IVC filter placement have no effect on reducing trauma patient mortality and are associated with an increase in DVT events.”
39. The Defendants’ Retrievable IVC Filter Products are inherently dangerous and defective, unfit and unsafe for their intended and reasonably foreseeable uses, and do not meet or perform to the expectations of patients and their physicians.
40. The Defendants’ Retrievable IVC Filter Products create risks to the health and safety of the patients that are significantly greater than the risks posed by other products and procedures available to treat the underlying medical conditions, and which outweigh the utility of their Retrievable IVC Filter Products.
41. Despite the Defendants’ knowledge of the Injuries and Complications caused by their IVC Filter Products, the Defendants have, and continue to, manufacture, market, and sell their Retrievable IVC Filter Products, without adequately warning, labeling, instructing, and/or disseminating information with respect to these risk, either prior to and/or after the marketing and sale of the Retrievable IVC Filter Products.

42. At all material times, the Defendants, through their servants and agents, failed to adequately warn physicians and consumers, including the Plaintiffs and putative class members, of the risk of Injuries and Complications caused by their Retrievable IVC Filter Products.
43. The Defendants did not provide adequate safety data to Health Canada with respect to their Retrievable IVC Filter Products. The Defendants knew or should have known that their Retrievable IVC Filter Products were unsafe, defective, unreasonably dangerous, and not fit for their intended purposes.
44. At all materials times, the Defendants knew or should have known that the risks of using their Retrievable IVC Filter Products included severe Injuries and Complications.
45. At all material times, the Defendants, through their servants and agents, negligently, recklessly and/or carelessly marketed, distributed and/or sold their Retrievable IVC Filter Products without adequate warnings of the products' serious side effects and unreasonably dangerous risks associated with these products.

CAUSES OF ACTION

46. The Defendants at all material times owed a duty of care to the Plaintiffs to:
 - (a) ensure that their Retrievable IVC Filter Products were fit for their intended and/or reasonably foreseeable use;
 - (b) conduct appropriate testing to determine whether and to what extent use of their Retrievable IVC Filter Products posed serious health risks, including the magnitude of risk of developing Injuries and Complications;

- (c) properly, adequately, and fairly warn the Plaintiffs and their physicians of the magnitude of the risk of developing Injuries and Complications with use of their Retrievable IVC Filter Products compared to alternative treatments;
- (d) ensure that physicians were kept fully and completely informed of all risks associated with their Retrievable IVC Filter Products;
- (e) monitor, investigate, evaluate and follow up on adverse reactions to the use of their Retrievable IVC Filter Products; and
- (f) properly inform Health Canada and other regulatory agencies of all risks associated with their Retrievable IVC Filter Products.

47. The Defendants negligently breached their duty of care.

48. The Plaintiffs state that their damages were caused by the negligence of the Defendants. Such negligence includes but is not limited to the following:

- (a) the Defendants failed to ensure that their Retrievable IVC Filter Products were not dangerous to recipients during the course of their use and that they were fit for their intended purpose and of merchantable quality;
- (b) the Defendants failed to adequately test their Retrievable IVC Filter Products in a manner that would fully disclose the magnitude of the risks associated with their use, including but not limited to Injuries and Complications;
- (c) The Defendants unreasonably and carelessly designed products that were insufficient in strength or structural integrity to withstand the foreseeable use of normal placement within the human body;

- (d) the Defendants failed to provide Health Canada complete and accurate information with respect to their Retrievable IVC Filter Products as it became available;
- (e) the Defendants failed to conduct any or any adequate follow-up studies on the efficacy and/or safety of their Retrievable IVC Filter Products;
- (f) the Defendants failed to conduct any or any adequate long-term studies of the risks of their Retrievable IVC Filter Products;
- (g) the Defendants failed to provide the Plaintiffs, their physicians and Health Canada with proper, adequate, and/or fair warning of the risks associated with use of their Retrievable IVC Filter Products, including but not limited to risk of Injuries and Complications;
- (h) the Defendants failed to design and establish a safe, effective procedure for removal of their Retrievable IVC Filter Products. In the event of failure, injury, or complications, it can be impossible to easily and safely remove the Defendants' Retrievable IVC Filter Products;
- (i) the Defendants failed to adequately monitor, evaluate and act upon reports of adverse reactions to their Retrievable IVC Filter Products in Canada and elsewhere;
- (j) the Defendants failed to provide any or any adequate updated and/or current information to the Plaintiffs, their physicians and/or Health Canada respecting the risks of their Retrievable IVC Filter Products as such information became available, from time to time;

- (k) the Defendants have consistently underreported and withheld information about the propensity of their Retrievable IVC Filter Products to fail and cause Injuries and Complications, and have misrepresented the efficacy and safety of their Retrievable IVC Filter Products through various means and media, misleading Health Canada, the medical community, patients, and the public at large;
- (l) the Defendants failed to provide adequate warnings of the risks associated with their Retrievable IVC Filter Products, including the risk of Injuries and Complications in all persons receiving their Retrievable IVC Filter Products on the customer information pamphlets in Canada;
- (m) the Defendants, after noticing problems with their Retrievable IVC Filter Products, failed to issue adequate warnings, timely recall their Retrievable IVC Filter Products, publicize the problems and otherwise act properly and in a timely manner to alert the public, including adequately warning the Plaintiffs and their physicians of their Retrievable IVC Filter Products inherent dangers, including but not limited to the danger of Injuries and Complications;
- (n) the Defendants failed to establish any adequate procedures to educate their sales representatives and physicians respecting the risks associated with their Retrievable IVC Filter Products;
- (o) the Defendants represented that their Retrievable IVC Filter Products were safe and fit for their intended purpose and of merchantable quality when they knew or ought to have known that these representations were false;
- (p) the Defendants misrepresented the state of research, opinion and medical literature pertaining to the purported benefits of their Retrievable IVC Filter

Products and their associated risks, including the risk of Injuries and Complications;

- (q) the misrepresentations made by the Defendants were unreasonable in the face of the risks that were known or ought to have been known by the Defendants;
- (r) the Defendants failed to timely cease the manufacture, marketing and/or distribution of their Retrievable IVC Filter Products when they knew or ought to have known that their Retrievable IVC Filter Products caused Injuries and Complications;
- (s) the Defendants failed to conform with applicable disclosure and reporting requirements pursuant to the *Food and Drugs Act* and its associated regulations;
- (t) the Defendants failed to properly supervise their employees, subsidiaries and affiliated corporations;
- (u) the Defendants breached other duties of care to the Plaintiffs and putative class members, details of which breaches are known only to the Defendants; and
- (v) in all of the circumstances of this case, the Defendants applied callous and reckless disregard for the health and safety of the Plaintiffs and putative class members.

49. The Defendants' Retrievable IVC Filter Products are defective because they are unreasonably dangerous, beyond the dangers which could reasonably have been contemplated by the Plaintiffs, putative class members, or their physicians. Any benefit from using the Defendants' Retrievable IVC Filter Products is outweighed by the serious and undisclosed risks associated with their use, when used as the Defendants intended. There are no individuals for whom the benefits of the Defendants' Retrievable IVC Filter

Products outweigh the risks, given that there are alternative products and procedures that are at least as efficacious as the Defendants' Retrievable IVC Filter Products and carry far less and/or less serious risks than the Defendants' Retrievable IVC Filter Products.

50. The risks associated with use of the Defendants' Retrievable IVC Filter Products, including Injuries and Complications in all persons receiving their Retrievable IVC Filter Products are in the exclusive knowledge and control of the Defendants. The extent of the risks were not known to, and could not have been known by, the Plaintiffs. The Plaintiffs' injuries would not have occurred but for the negligence of the Defendants in failing to ensure that their Retrievable IVC Filter Products were safe for use, or, in the alternative, for failing to provide an adequate warning of the risks associated with using their Retrievable IVC Filter Products to the Plaintiffs and putative class members, and to their physicians.

DAMAGES

51. The Plaintiffs' and other putative class members' injuries and damages were caused by the negligence of the Defendants, their servants and agents.
52. As a result of the Defendants' negligence, the Plaintiffs have suffered and continue to suffer serious personal injuries and pain and suffering.
53. The Plaintiffs and other putative class members have suffered special damages for medical costs incurred in the screening, diagnosis, and treatment of Injuries and Complications related to use of the Defendants' Retrievable IVC Filter Products.
54. As a result of the conduct of the Defendants, the Plaintiffs and other putative class members suffered and continue to suffer expenses and special damages, of a nature and amount to be particularized prior to trial.

55. Some of the expenses related to the medical treatment that the Plaintiffs and class members have undergone, and will continue to undergo, have been borne by the various provincial health insurers including the Ontario Health Insurance Plan ("OHIP"). As a result of the negligence of the Defendants, the various provincial health insurers have suffered and will continue to suffer damages for which they are entitled to be compensated by virtue of their right of subrogation in respect of all past and future insured services. These subrogated interests are asserted by the Plaintiffs and the putative class members pleading and relying upon the statutes listed in Schedule "B".
56. The Plaintiffs claim punitive, aggravated and exemplary damages for the reckless and unlawful conduct of the Defendants.

SERVICE OUTSIDE OF ONTARIO

57. The Plaintiffs plead and rely on section 17.02 (g) of the Rules of Civil Procedure, allowing for service *ex juris* of the foreign defendants. Specifically, this originating process may be served without court order outside Ontario in that the claim is in respect of a tort committed in Ontario (rule 17.02(g)).

PLACE OF TRIAL

58. The Plaintiffs propose that this action be tried in London, Ontario.

25. Third party liability

25(1)

If, as a result of the wrongful act or omission of another, a beneficiary suffers personal injuries for which the beneficiary receives hospital services paid for by the government, the beneficiary has the same right to recover the sum paid for the services against the person guilty of the wrongful act or omission as the beneficiary would have had, had the beneficiary been required to pay for the services personally.

25(2)

On the beneficiary recovering the sum or part of it under subsection (1), the beneficiary must pay it at once to the minister.

25(3)

The minister may order that a commission be paid for money recovered under subsection (1) and the amount of the commission and the conditions under which it may be paid must be in accordance with the rules prescribed by the Lieutenant Governor in Council.

25(4)

The government is subrogated to the rights of the beneficiary to recover sums paid for hospital services by the government, and an action may be maintained by the government, either in its name or the name of the beneficiary, for the recovery of the sum paid for hospital services as provided in subsection (1).

25(5)

It is not a defence to an action brought by the government under subsection (4) that a claim for damages has been adjudicated on unless the claim included a claim for the sum paid for hospital services, and it is not a defence to an action brought by a beneficiary for damages for personal injuries that an action taken by the government under subsection (4) has been adjudicated on.

25(6)

No release or settlement of a claim or judgment based on a cause of action for damages for personal injuries in a case where the injured person has received hospital services paid for is binding on the government unless the minister or a person designated by the minister has approved the settlement in writing.

25(7)

The Lieutenant Governor in Council may, by regulation, limit or define the circumstances that give rise to a cause of action under this section.

25(8)

This section applies to claims for hospital services arising after a day to be set by the Lieutenant Governor in Council.

Part 5 -- Crown's Right to Recover Health Costs

Division 1 -- Crown's Right of Recovery

s 62. Crown's right of recovery

62(1)

If a beneficiary receives health services for personal injuries suffered as a result of a wrongful act or omission of a wrongdoer, the Crown has the right to recover from the wrongdoer the Crown's cost of health services

- (a) for health services that the beneficiary has received for those personal injuries, and
- (b) for health services that the beneficiary will likely receive in the future for those personal injuries.

62(2)

If a beneficiary is contributorily negligent, the Crown is entitled to recover 100% of the Crown's cost of the beneficiary's health services less a percentage for the beneficiary's contributory negligence as determined under sections 63 and 64.

62(3)

Notwithstanding this Division, the Crown does not have a right to recover the Crown's cost of health services provided to a beneficiary if

- (a) the beneficiary's personal injuries are caused by an act or omission of a wrongdoer in the use or operation of an automobile, and
- (b) the wrongdoer is, when the injuries are caused, insured under a motor vehicle liability policy.

Department of Health Act, R.S.S. 1978, c. D-17

Current to Gazette Vol. 102:44 (November 3, 2006)

19. Liability of certain third parties and insurers

19(1)

In this section:

- (a) [Repealed 1997, c. 34, s. 9.]
- (b) "health services" means:

- (i) insured services within the meaning of *The Saskatchewan Medical Care Insurance Act*;
- (ii) inpatient services or outpatient services provided in a hospital or any other health facility;
- (iii) services provided pursuant to section 10 that a physical therapist is authorized to provide; or
- (iv) any other services prescribed in the regulations.

19(2)

Where, as a result of the negligence or other wrongful act of any other person, a beneficiary suffers personal injuries for which the beneficiary receives health services, the beneficiary has the same right to recover the cost of those services from the person guilty of the negligence or other wrongful act as the beneficiary would have had if he or she had been required to pay for the health services.

19(3)

On the provision of health services to a beneficiary mentioned in subsection (2), the minister shall be subrogated to all rights of recovery of the beneficiary from any person with respect to the cost of those health services and may bring an action in the name of the beneficiary to enforce those rights.

19(4)

Nothing in subsection (2) or (3) restricts the right of the beneficiary to recover any sum with respect to the personal injuries in addition to the cost of health services received by the beneficiary.

19(5)

Where a beneficiary brings an action to recover any sum with respect to the personal injuries mentioned in subsection (4), the beneficiary shall, on behalf of the minister, include in his or her claim a claim for the cost of health services received by the beneficiary.

19(6)

Except with the written consent of the minister, no action mentioned in subsection (5) shall be settled without provision being made for payment in full of the cost of health services received by the beneficiary.

19(7)

The cost of health services received by a beneficiary shall be determined in accordance with the following:

- (a) where the health service is an insured service within the meaning of *The Saskatchewan Medical Care Insurance Act*, the cost of the health service is equal to the amount to be paid for that type of service as set out in the regulations made pursuant to that Act;
- (b) subject to clause (c), where the health service is an inpatient service or an outpatient service provided to the beneficiary in a hospital or other health facility, the cost of the health service is to be calculated on the basis of the daily rate for that type of service set by the department for the purpose of charging other provinces or territories of Canada for the provision of that service to residents of those provinces or territories while they are in Saskatchewan;
- (c) where the health service is provided outside a hospital by a physical therapist who is under contract to, or is an employee of, the department or a regional health authority or an affiliate, as defined in *The Regional Health Services Act*, the cost of the health service is to be calculated on the basis of the rate for that type of service set by the department; or
- (d) where the health service is a service that is prescribed in the regulations, the cost of the health service is to be calculated in the manner set out in the regulations.

19(8)

On recovering all or any part of the cost of health services received by the beneficiary, the beneficiary shall immediately pay the amount recovered to the minister.

19(9)

The minister may bear the proportion of the taxable costs payable by a beneficiary conducting an action mentioned in this section that bears the same ratio to the total of those costs as the amount claimed on behalf of the minister bears to the total amount claimed, but the portion of the taxable costs borne by the minister shall not exceed 50% of the amount claimed on the minister's behalf.

19(10)

An insurer who is liable to indemnify the person guilty of the negligence or other wrongful act mentioned in subsection (2) shall pay to the minister the lesser of:

- (a) the amount for which the insurer is liable; and
- (b) the cost of the health services received by the beneficiary.

19(11)

A payment to the minister pursuant to subsection (10) shall, to the extent of the amount paid, discharge the liability of the insurer to the person guilty of the negligence or other wrongful act mentioned in subsection (2).

19(12)

Notwithstanding anything in *The Automobile Accident Insurance Act*, where a beneficiary mentioned in subsection (2) receives benefits pursuant to Part VIII of that Act, the insurer within the meaning of that Act shall pay to the minister the cost of health services received by the beneficiary determined in accordance with subsection (7), unless the minister agrees otherwise.

Manitoba Public Insurance Corporation Act, C.C.S.M. c. P215
Current to Gazette Vol. 135:44 (November 4, 2006)

s.26: Subrogation

26(1) Subrogation

Upon making any payment of benefits or insurance money or upon assuming liability for such payment, the corporation is subrogated to and shall be deemed to be an assignee of all rights of recovery against any other person liable in respect of the loss, damage, injury, or death of every person to whom, or on whose behalf, or in respect of whom, the benefits or insurance money are to be paid; and the corporation may enforce those rights of recovery as provided in subsection (6) to the extent that the corporation has paid or has assumed liability to pay the benefits or insurance money.

26(2) When rights of subrogation apply

The rights conferred upon the corporation under this section apply only where the loss, damage, injury, or death for which the corporation has paid or has assumed liability to pay benefits or insurance moneys is caused or contributed to by the fault of

- (a) a person who, at the material time, was driving a motor vehicle
 - (i) while not qualified to drive a motor vehicle; or
 - (ii) while not authorized by law to drive a motor vehicle; or

- (iii) that was not designated in an unexpired owner's certificate; or
- (iv) that was towing an unregistered trailer that was required to be registered under *The Drivers and Vehicles Act*; or
- (v) while under the influence of intoxicating liquor or drugs to such an extent as to be for the time being incapable of the proper control of the motor vehicle; or
- (b) a person who, at the material time, was driving or operating a motor vehicle or trailer without the consent, express or implied, of the owner thereof or who otherwise is not a person entitled to the benefit of subsection 38(4); or
- (c) a person whose fault did not consist of acts or omissions in the ownership, use, or operation of a motor vehicle or trailer; or
- (d) a person not the owner of a vehicle causing the loss, damage, injury or death or sustaining the loss or damage who at the material time is engaged in the business of selling, repairing, servicing, storing or parking automobiles or the servant or agent of any such person.

26(3) No reduction of liability

The liability of any of the persons mentioned in subsection (2) is not limited, restricted, or reduced by reason of this section; but in every case to which this section applies, the liability for the loss, damage, injury, or death and the damages recoverable therefor shall be determined and assessed as fully as if section 38 had not been enacted.

26(4) Liability of other persons

Every person who, either alone or together with others, is, or apart from this Act would be, liable for loss, damage, injury, or death caused by the fault of a person mentioned in subsection (2) shall, for the purpose of this section, be liable to the same extent as the person mentioned in subsection (2).

26(5) Non-application to owner

Subsection (4) does not apply to an owner of a motor vehicle or trailer where loss, damage, injury, or death is caused by fault on the part of a driver or operator of that motor vehicle or trailer who, at the material time, was not the owner, and

- (a) was living with and was a member of the family of the owner, if the owner proves that the driver or operator had acquired possession of the motor vehicle or trailer without the consent, express or implied, of the owner; or
- (b) if the owner proves that he has observed and performed the terms and conditions of a plan insofar as those terms and conditions relate to third party liability insurance and are required to be observed and performed by him.

26(6) Power of corporation in enforcing rights to which it is subrogated

For the purpose of enforcing the rights of recovery to which the corporation is subrogated and of which it is deemed to be an assignee under subsection (1) the corporation may

- (a) bring a separate action in its own name to recover from the person liable in respect of the loss, damage, injury, or death the amount of benefits and insurance money that it has paid or for which it has assumed liability; or
- (b) join with any other person who has a cause of action for the loss, damage, injury, or death in respect of which benefits and insurance money have been paid or for which the corporation has assumed liability, to bring, upon such terms as may be agreed to by that person, one action in the name of that person for all damages that may be recoverable in respect of that cause of action.

26(7) Person may bring action in own name

Where the corporation brings a separate action under clause (6)(a), a person who has a cause of action in respect of the loss, damage, injury, or death for which the corporation has paid or

assumed liability for benefits or insurance money may bring action in his own name for the damages recoverable by him; but he may recover only the amount by which the damages exceed the benefits and insurance money.

26(8) Rights of corporation not to be prejudiced

The commencement of an action or other proceeding by any person in respect of loss, damage, injury, or death shall not prejudice the right of the corporation to bring, at any time prior to judgment in that action or other proceeding, a separate action under clause 6(a) and subsection (7) applies to such action.

26(9) Compromising of claims restricted

Upon being notified in writing that the corporation has made or is making a claim or bringing an action or other proceeding under this section, no person shall negotiate or effect a compromise, settlement, or satisfaction of any claim of that person to the prejudice of the claim of the corporation; and a person receiving such a notice who has received benefits or insurance money

(a) shall enter into such agreements and execute such documents as the corporation may reasonably request to further secure the rights conferred upon the corporation under this section; and

(b) shall not interfere in any negotiations for compromise or settlement or in, except as provided in subsection (7), the action or proceeding; but, whenever requested by the corporation, shall aid in securing information and evidence and the attendance of any witness, and shall cooperate with the corporation, except in a pecuniary way, in any action or other proceeding or in the prosecution of an appeal.

In this section,

"future cost of insured services" means the estimated total cost of the future insured hospital, medical or other health services made necessary as the result of a bodily injury that will probably be required by an insured person after the date of settlement or, where there is no settlement, the first day of trial; (*"coût futur des services assurés"*)

"past cost of insured services" means the total cost of the insured hospital, medical or other health services made necessary as the result of a bodily injury and provided to an insured person up to and including the date of settlement or, where there is no settlement, the first day of trial. (*"coût antérieur des services assurés"*)

97(2) Action by insured person for cost of insured services

When, as a result of the negligence or other wrongful act or omission of another person, an insured person suffers bodily injuries for which he or she receives insured hospital, medical or other health services under this Act, and he or she is not entitled to receive compensation under Part 2 of *The Manitoba Public Insurance Corporation Act*, the person may, subject to section 101, bring an action against and recover from that other person

Health Insurance Act, R.S.O. 1990, c. H.6

Current to Gazette Vol. 139:47 (November 25, 2006)

Section 30 & 31: Subrogation

30(1) Subrogation

Where, as the result of the negligence or other wrongful act or omission of another, an insured person suffers personal injuries for which he or she receives insured services under this Act, the Plan is subrogated to any right of the insured person to recover the cost incurred for past insured services and the cost that will probably be incurred for future insured services, and the General Manager may bring action in the name of the Plan or in the name of that person for the recovery of such costs.

30(2) Payment by Plan recoverable by insured

For the purposes of subsection (1), the payment by the Plan for insured services shall not be construed to affect the right of the insured person to recover the amounts so paid in the same manner as if such amounts are paid or to be paid by the insured person.

30(3) Cost of hospital services

For the purposes of this section, the cost of insured services rendered to an insured person in or by a hospital or health facility shall be at the rate charged by the hospital or health facility to a person who is not an insured person.

30(4) Exception

Despite subsection (1), the Plan is not subrogated to the rights of an insured person in respect of personal injuries arising directly or indirectly from the use or operation, after the 21st day of June, 1990 and before the day section 267.1 of the *Insurance Act* comes into force, of an automobile in Canada, the United States of America or any other jurisdiction designated in the *Statutory Accident Benefits Schedule* under the *Insurance Act*.

30(5) Exception

Despite subsection (1), the Plan is not subrogated to the rights of the insured person, as against a person who is insured under a motor vehicle liability policy issued in Ontario, in respect of personal injuries arising directly or indirectly from the use or operation, after section 29 of the *Automobile Insurance Rate Stability Act, 1996* comes into force, of an automobile in Ontario or in any other jurisdiction designated in the *Statutory Accident Benefits Schedule* under the *Insurance Act*.

30(6) Definition

In subsection (5),
"motor vehicle liability policy" has the same meaning as in the *Insurance Act*.

31(1) Subrogated claim included in action

Any person who commences an action to recover for loss or damages arising out of the negligence or other wrongful act of a third party, to which the injury or disability in respect of which insured services have been provided is related shall, unless otherwise advised in writing by the General Manager, include a claim on behalf of the Plan for the cost of the insured services.

31(2) Recovery paid to Ontario

Where a person recovers a sum in respect of the cost of insured services, the person shall forthwith pay the sum recovered to the Minister of Finance.

NEWFOUNDLAND

Medical Care Insurance Act, 1999 S.N. 1999, c. M-5.1,
Current to Gazette Vol. 81:46 (November 17, 2006)

s 19. Recovery of costs for services

19(1)

This section applies where insured services are provided to an injured or disabled person, in this section referred to as the "insured person", with respect to an injury or disability where the injury or disability was caused by, or contributed to by, or results from an occurrence other than a motor vehicle accident in which the person, whose fault, negligence or other wrongful act or omission caused, contributed to or resulted in the injury or disability, in this section referred to as the "tortfeasor", is insured at the date of the accident, by a policy of insurance through a licensed insurer carrying on business in the province.

19(2)

An insured person who receives insured services in respect of an injury or disability caused or contributed to by or resulting from the fault, negligence or other wrongful act or omission of a tortfeasor has the same right to recover the cost of those insured services from the tortfeasor as he or she would have had if the person had himself or herself been required to pay for the services.

19(3)

An insured person who, under subsection (1), recovers from another person the whole or a part of the cost of insured services shall, on recovery from that other person, pay to the minister the amount recovered and the minister may, if the amount so recovered is not paid to it within a reasonable time, recover the amount from the insured person as a debt due the Crown.

19(4)

Where the cost of insured services referred to in subsection (1) is paid, or an agreement has been entered into covering payment, by the minister to a person, physician or professional medical corporation or where the services are provided by a person employed in the department, the minister is subrogated to all rights of recovery of or on behalf of the insured person against the tortfeasor and may bring an action in his or her own name or in the name of the insured person to enforce those rights against the tortfeasor in respect of the cost of the insured services.

19(5)

The rights conferred upon the minister by subsection (4) shall not be considered to restrict other rights of recovery of the insured person in respect of the injury or disability referred to in subsection (1) for loss or damage not the subject of insured services and if the insured person starts an action in respect of that loss or damage he or she shall include a claim on behalf of the minister for the cost of the insured services provided to the insured person.

19(6)

It is not a defence to an action brought by the minister under subsection (4) that a claim for damages has been adjudicated upon unless that claim included a claim for the sum paid for insured services, and it is not a defence to an action for damages for personal injuries brought by an insured person that an action taken by the minister under subsection (4) has been adjudicated upon.

19(7)

A release or settlement of claim which includes the cost of insured services is not effective unless the minister has consented to the release or settlement or unless the minister is satisfied with the provisions of the release or settlement.

19(8)

The costs of an action by or on behalf of an insured person in which a claim has been included on behalf of the minister under subsection (5) shall be borne by the minister in the same proportion as the claim of the minister for the cost of insured services provided bears to the total claim by or on behalf of the insured person in the action.

19(9)

If within 2 months after the last act or omission which caused the injury or disability of an insured person an action has not been started by or on behalf of that person under subsection (1) for the recovery of damages arising out of the injury or disability, the minister upon service of notice on the insured person may start an action in his or her own name or in the name of that person for the recovery of the cost of the insured services, and before trial of the action that person may join in the action another claim arising out of the same occurrence upon the conditions as to costs or otherwise that to the court may seem just and may in that case effect settlement of that claim.

19(10)

A liability insurer shall pay to the minister an amount referable to a claim for recovery of the cost of insured services that would otherwise be payable to an insured person and payment of that

amount to the minister discharges the liability of the insurer to pay that amount to the insured person or to a person claiming under or on behalf of the insured person.

19(11)

For the purpose of subsection (10) a "**liability insurer**" means a person regularly engaged in the business of underwriting risks in respect of negligence.

19(12)

Where as a result of a claim under this section there are insufficient funds to provide complete recovery to an insured person for his or her losses or injury and to pay the cost of insured services, that person and the minister shall share to that extent in proportion to their respective losses in a recovery, but nothing in this provision prevents the minister from waiving in whole or in part its share of an amount recovered where in the opinion of the minister the circumstances so warrant.

19(13)

For the purpose of this section,

(a) "**insured services**" means insured services as defined in the regulations made under this Act;

(b) "**participating province**" means a participating province as defined by the *Canada Health Act* (Canada); and

(c) the cost of insured services provided is,

(i) in the province, or a participating province, the cost as established by the minister, and

(ii) elsewhere than in the province or a participating province, the cost calculated at a rate which, in the opinion of the minister, is fair having regard of the services provided.

- (b) the Minister has approved the settlement or release in writing.

14(8) Approval not releasing Minister's claim

The Minister may give written approval to a settlement by the injured person which does not settle or release the claim of the Minister for cost of the insured services provided pursuant to this Act.

14(9) Net amount prorated

Subject to the regulations, where the net amount recovered pursuant to this section is insufficient to cover both the damages of the injured person and the cost of insured services provided pursuant to this Act, the injured person and the Minister shall share the recovery in proportion to their respective losses, unless the Minister agrees otherwise in writing.

14(10) Insurer to provide information

Every liability insurer, at the Minister's request, shall provide information to the Minister respecting

- (a) a claim made against an insured person by a person who received insured services pursuant to this Act; and
- (b) the terms and conditions of any settlement entered into by an insured person and a person who received insured services pursuant to this Act.

14(11) Claim against liability insurer

Where an injured person makes a claim against a liability insurer respecting injuries that included the provision of insured services under this Act, the liability insurer shall pay to the Minister the cost of the insured services, which shall discharge the insurer of liability for those insured services.

No release or settlement of a claim or judgment based upon a cause of action for damages for personal injuries in a case where the injured person has received insured hospital services, benefits under the Insured Prescription Drug Plan, ambulance services to which the Province has made payment or insured professional services under this Act shall be binding upon Her Majesty unless the Minister or a person designated by him has approved the release or settlement in writing.

18(5A)

Subject to subsection (5C), where, as a result of a claim pursuant to this Section,

(a) the claim is settled or a judgment is obtained; and

(b) insufficient funds are available to provide complete recovery to the injured person for the injured person's losses and injuries and to pay the costs of the care, services and benefits referred to in subsection (1),

the injured person and Her Majesty in right of the Province shall share *pro rata* in proportion to their respective losses in any recovery in accordance with the terms and conditions prescribed by regulation.

18(5B)

No person acting on their own behalf or on behalf of another person, shall, without the approval in writing pursuant to subsection (5C) of the Minister, make a settlement of a claim based upon a cause of action for damages for personal injuries in a case where the injured person has received care, services or benefits referred to in subsection (1) unless at the same time the person makes a settlement to recover the same *pro rata* proportion in respect of the cost of the care, services and benefits referred to in subsection (1) as the injured person is to recover in respect of the person's losses and injuries.

18(5C)

Where a person who makes a claim pursuant to subsection (1) has obtained an offer for a settlement whereby the same *pro rata* proportion of the cost of the care, services and benefits referred to in subsection (1) would be recovered as the injured person would recover in respect of the person's losses and injuries but, in the opinion of the Minister or a person designated by the Minister, the offer would not provide sufficient recovery in respect of the care, services and benefits referred to in subsection (1), the Minister or a person designated by the Minister may approve, in writing, a release or settlement whereby the person making a claim pursuant to subsection (1) makes a settlement of a claim in respect of the person's injuries or losses without making a settlement in respect of the cost of the care, services and benefits referred to in subsection (1), but the written approval is not binding on Her Majesty in right of the Province in relation to a claim made pursuant to subsection (5) in respect of the cost of the care, services

and benefits referred to in subsection (1).

18(5D)

Every liability insurer carrying on business in the Province shall provide the Minister, when requested to do so, information relating to

- (a) a claim made against an insured person by a person who received any of the care, services or benefits referred to in subsection (1); or
- (b) the terms and conditions of any settlement entered into by an insured person and a person who received any of the care, services or benefits referred to in subsection (1).

18(5E)

Notwithstanding any other provision of this Act, the Minister may, in accordance with the regulations, authorize the payment of a fee to a barrister and solicitor who makes a claim on behalf of an injured person and recovers a sum in respect of the cost of care, services or benefits referred to in subsection (1) that are received by the injured person.

18(6) Payment by liability insurer

Where a person whose act or omission resulted in personal injuries to another is insured by a liability insurer, the liability insurer shall pay to the Minister any amount referable to a claim for recovery of the cost of insured hospital services, benefits under the Insured Prescription Drug Plan, ambulance services to which the Province has made payment and insured professional services that would otherwise be paid to the insured person and payment of that amount to the Minister discharges the liability of the insurer to pay that amount to the insured person or to any person claiming under or on behalf of the insured person.

18(7) Amount payable

For the purposes of this Section, the sum paid for insured hospital services that are received by an injured person shall be an amount equal to the charges of the hospital in which the services were provided, at rates approved by the Minister, that the insured person would have been required to pay if he was not entitled to receive the services as insured hospital services under this Act.

18(8) Certificate as prima facie proof

In an action under this Section a certificate of a person designated by the Minister as to the sum paid for insured hospital services, benefits under the Insured Prescription Drug Plan, ambulance services to which the Province has made payment or insured professional services received by an injured person is admissible in evidence and is *prima facie* proof of that sum.

18(9)

[Repealed 2002, c. 5, s. 24(3).]

18(10)

This Section applies except where personal injury has occurred as the result of a motor vehicle accident in which the person whose act or omission resulted in the personal injury is insured by a policy of third-party liability insurance on or after the date this subsection comes into force.

18(11)

The Minister may impose a levy to be paid by each motor vehicle insurer with respect to each vehicle insured by that insurer for the purpose of recovering insured hospital services, benefits under the Insured Prescription Drug Plan, ambulance services to which the Province has made payment or insured professional services pursuant to this Act incurred by third parties as a result of personal injury in motor vehicle accidents.

18(12)

Within sixty days after the coming into force of subsections (10) to (20), the Minister shall estimate the levy applicable to the end of the calendar year and so inform the Superintendent of Insurance.

18(13)

Within ninety days of the coming into force of subsections (10) to (20), the Superintendent of Insurance shall notify the insurers of the estimate and the insurers shall remit payment forthwith.

18(14)

Commencing no later than the fifteenth day of January, 1993, and by the fifteenth day of January of each subsequent year, the Superintendent of Insurance shall give notice to the insurers of the estimate and the insurers shall remit to the Superintendent the amount estimated in equal quarterly payments commencing on the thirty-first day of March, 1993, such quarterly payments to be payable within sixty days following the end of each quarter.

18(15)

Upon receipt of the funds payable by insurers pursuant to subsections (10) to (20), the Superintendent of Insurance shall credit the amount to the recovery account identified by the Minister.

18(16)

The Minister shall annually re-evaluate the accuracy of the levy estimate in the following year.

18(17)

The Minister shall advise the Superintendent of Insurance of the adjustments and the Superintendent shall give notice to the insurers of the adjustments.

18(18)

Where the adjusted amount is greater than the estimate, the insurers shall remit payment forthwith.

18(19)

Where the adjusted amount is less than the estimate, the insurers account shall be credited with the surplus.

18(20)

No interest is payable on the surplus or deficit resulting after the calculation of the adjusted amount.

18(21)

For greater certainty, in subsections (2) to (8) "insured hospital services" includes any care, services or benefits for which costs have been or may in the future be paid by the Minister in relation to negligence or a wrongful act or omission including, without limiting the generality of the foregoing, ambulance services to which the Province has made payment, home-care services, care for a person in a home for special care or child-care facility to which the Province has made payment and any services prescribed in the regulations as insured hospital services for the purpose of this subsection.

NEW BRUNSWICK

Hospital Services Act, R.S.N.B. 1973, c. H-9

Current to Gazette Vol. 164:1901 (November 29, 2006)

10(1) Where, as a result of the negligence or wrongful act of another, a person suffers personal injuries for which he receives entitled services under this Act or the regulations, he

(a) shall have the same right to claim and to recover the cost of the entitled services against the person who was negligent or who did the wrongful act as he would have had if he, himself, had been required to pay for the entitled services, and

(b) if he makes any claim for the personal injuries suffered against the person who was negligent or who did the wrongful act, shall claim and seek to recover the cost of the entitled services.

10(2) Where under subsection (1), a person either acting for himself or on behalf of another person, recovers a sum in respect of entitled services received under this Act or the regulations, he shall as soon as practicable pay such sum recovered to the Minister.

10(3) Where, as a result of the negligence or wrongful act of another, a person suffers personal injuries for which he receives entitled services under this Act or the regulations and he does not claim against the person who was negligent or who did the wrongful act, Her Majesty the Queen in right of the Province may maintain an action in her own name or in the name of the injured person for recovery of the cost of the entitled services.

10(4) Where, as a result of the negligence or wrongful act of another, a person suffers personal injuries for which he receives entitled services under this Act or the regulations and a claim is made against the person who was negligent or who did the wrongful act but the person making the claim, either acting on his own behalf or on behalf of another person, does not

(a) claim for the cost of the entitled services,

(b) if a release is given or the claim is settled, obtain a written approval of the release or settlement in accordance with subsection (9) or (10), or

(c) pay any sum recovered in respect of the entitled services to the Minister in accordance with subsection (2),

Her Majesty the Queen in Right of the Province may maintain an action in her own name against the person making the claim, whether acting on his own behalf or on behalf of another person, for recovery of the cost of the entitled services.

10(5) It shall not be a defence to an action brought by Her Majesty under subsection (4) that a release has been given, a claim has been settled or a judgment obtained unless

(a) the claim included a claim for the cost of the entitled services, and

(b) if a release is given or the claim is settled, the Minister has under subsection (9) or (10) approved the release or settlement.

10(6) Where the Minister approves in writing a release or settlement under subsection (10), Her Majesty the Queen in right of the Province may continue the action or maintain an action in her own name for recovery of the cost of the entitled services.

10(7) Subject to subsection (10), where, as a result of a claim under this section

(a) the claim is settled or a judgment is obtained, and

(b) insufficient funds are available to provide complete recovery to the injured person for his losses and injuries and to pay the cost of the entitled services,

the injured person and Her Majesty the Queen in right of the Province shall share *pro rata* in proportion to their respective losses in any recovery in accordance with the terms and conditions prescribed by regulation.

10(8) No person, acting for himself or on behalf of another person, shall, without the approval in writing under subsection (9) or (10) of the Minister make a settlement of a claim based upon a cause of action for damages for personal injuries in a case where the injured person has received entitled services under this Act or the regulations unless at the same time he makes a settlement to recover the same *pro rata* proportion in respect of the cost of the entitled services as the injured person is to recover in respect of his losses and injuries.

10(9) No release or settlement of a claim or judgment based upon a cause of action for damages for personal injuries in a case where the injured person has received entitled services under this Act or the regulations is binding upon Her Majesty unless the Minister has approved the release or settlement in writing.

10(10) Notwithstanding subsection (9), where a person who makes a claim under subsection (1) has obtained an offer for a settlement whereby the same *pro rata* proportion of the cost of entitled services would be recovered as the injured person would recover in respect of his losses and injuries but, in the opinion of the Minister, the offer would not provide sufficient recovery in respect of the entitled services, the Minister may approve in writing a release or settlement whereby the person making a claim under subsection (1) makes a settlement of a claim in respect of his injuries or losses without making a settlement in respect of the cost of the entitled services but the written approval is not binding on Her Majesty in relation to a claim made under subsection (6) in respect of the cost of the entitled services.

10(11) Where a person whose negligent or wrongful act resulted in personal injuries to another is insured by a liability insurer carrying on business in the Province and a claim made in respect of those personal injuries does not include a claim for the cost of the entitled services received by the injured person under this Act or the regulations, the liability insurer shall pay to the Minister the cost of the entitled services and payment of that amount to the Minister discharges the liability of the insurer to pay the cost of the entitled services in any subsequent claim to the insured person or any person claiming under or on behalf of the insured person.

10(12) Every liability insurer carrying on business in the Province shall provide the Minister, when requested to do so, information relating to

(a) a claim made against an insured person by a person who received entitled services under this Act or the regulations, or

(b) the terms and conditions of any settlement entered into by an insured person and a person who received entitled services under this Act or the regulations.

10(13) In an action under this section a certificate signed or purporting to be signed by or on behalf of the Minister shall be accepted by all courts

(a) as conclusive proof

(i) that the person named in the certificate has received entitled services,

(ii) that the amount recorded in the certificate is the cost of the entitled services received by the person named in the certificate, and

(iii) of the office, authority and signature of the person signing or purporting to sign the certificate, without proof of his appointment, authority or signature, and

(b) as *prima facie* proof that the entitled services were received in respect of the personal injuries suffered.

10(14) This section applies except where the personal injuries occurred as a result of the use or operation of a motor vehicle registered in the Province.

1988, c.18, s.3.

11 In the event of conflict between any provision of this Act and any provision of any other Act of New Brunswick, the provision of this Act prevails.
